	Loan sharks	This is illegal lending- so they have no legal way of making you pay... Report to the police!

- Other priority debts are **maintenance** and **child support payments** and **magistrates courts fines** as a court could use bailiffs to come into your home and take your goods away if any of the these debts are unpaid.
- Water direct & fuel direct are schemes whereby deductions can be taken from your benefits (not wages) if the water/energy companies chooses to do so. If the amount deducted is less than a quarter of your benefits the deduction can be made **without your agreement**. Note: for some people this is a useful way to repay debts.

Once you have a CCJ making payments is a **priority** as the court can take actions if you do not pay, such as attaching an order to your earnings.
